## The Solo Experience - Go It Alone

08. und 09. März 2025

Kühlhaus Berlin

Three solo concerts in one weekend, performed by the outstanding soloists Veriko Tchumburidze, Andrei Ioniță and Catalin Serban. Each concert has a unique focus, with Bach as the starting point for the first and the apotheotic performance of the six cello suites in the third concert providing the framework for the festival. In between, the music of the 20th and 21st centuries unfolds, while a Schubert sonata acts as a catalyst between these two extremes.

The concerts will be accompanied by a pop-up exhibition by artists Kristina Weiss Katarina Schnitzler. Each concert will have a unique focus, with Bach as the starting point of the first concert and the apotheotic performance of the six cello suites in the third concert providing the framework for the festival.
